

What we learned

Money Basics | 6 of the track's 11 units, 30 lessons

Ask your child to tell you about one of these:

1 Inflation

Why a candy bar costs more every year

Prices rise over time. That's inflation - and it makes your money buy less.

Lessons: Prices Change Over Time | Why Prices Go Up | Inflation vs. Your Piggy Bank | How Money Fights Back | Boss Level: Review

2 Earning Money

Money isn't magic - learn how to earn it!

Money isn't magic. People earn it with work - the ATM just hands it back.

Lessons: Where Money Comes From | Jobs: The Big Trade | Kid Cash | Level Up Your Pay | Boss Level: Review

3 Saving

Turn tiny coins into giant prizes

Saving = keeping money now so future you can buy big things later.

Lessons: Why Save At All? | Pay Yourself First | Pick a Goal, Do the Math | Money Grows While You Sleep | Boss Level: Saving Showdown

4 Spending Wisely

Outsmart the ads and keep your cash

Needs come first - food, water, home. Wants are fun, but they can wait.

Lessons: Needs vs. Wants | Price Detective | Spot the Ad Tricks | Sleep On It | Boss Level: Review

8 Smart Consumer

Be a smart shopper - get the most for your money.

A consumer is someone who buys things. A smart shopper stops and thinks first.

Lessons: What's a Smart Shopper? | Compare Before You Buy | Don't Get Tricked | Is It Worth It? | Boss Level: Review

10 Taxes & Society

Taxes are just a small share everyone chips in - learn why they matter.

A tax is a small shared amount - like everyone chipping in for a class pizza party!

Lessons: What Are Taxes? | What Taxes Pay For | Kinds of Taxes | Why Sharing the Cost Works | Boss Level: Review
